Company Information

Field	Value
Company Name	BeanRush Coffee
Industry	Food & Beverage
Stage	Early Stage
Country	India
City	Chandigarh

Business

Field	Value
Description	Affordable specialty coffee shops for students and young professionals, with a mobile app for zero-wait pre-ordering.
Business Model	B2C
Target Customers	Students aged 18-25 and young professionals aged 22-35 in Chandigarh seeking quality coffee at affordable prices.
Problem	Lack of tech-enabled, affordable specialty coffee in Chandigarh — long queues and poor digital experience at existing cafes.
Solution	Mobile app-enabled grab-and-go specialty coffee kiosks in high-footfall areas with a loyalty rewards program.

Goals

Field	Value
Primary Goal	Launch the company
Short-Term Goals	Open first location in Sector 17 Chandigarh within 3 months, reach 500 app downloads in first month.

3. Recommendations

#	Recommendation
1	Prioritize the mobile app as the primary brand differentiator — no Chandigarh competitor offers zero-wait ordering
2	Negotiate a rent-free first 3 months with the Sector 17 landlord given the high fit-out investment
3	Lock in a fixed-price Arabica supply contract with a Coorg estate for 12 months to hedge against price volatility

Next Steps

#	Next Step
1	Register BeanRush Coffee as a Limited Liability Partnership this week
2	Contact Sector 17 Plaza commercial leasing agent for unit availability
3	Shortlist 3 local app development agencies for mobile ordering app

#	Next Step
4	Begin Instagram page creation and pre-launch teaser content immediately

4. Statuses

Area	Status	Detail
CEO / Strategy	Completed	Prioritized Sector 17 as launch location and mobile-first strategy as primary differentiator.
Research	Completed	Identified 11% CAGR market growth with low penetration of tech-enabled grab-and-go models in Chandigarh.
Finance	Completed	Modeled ¹ 8.5L capex with Month 8 break-even and 62% gross margin
Marketing	Completed	Recommended Instagram-first launch with university ambassador program and Swiggy/Zomato partnership.
Sales	Completed	Identified corporate bulk orders and subscription beans as highest-margin secondary revenue channels.

6. Other Generated Insights

BeanRush Coffee targets urban professionals and students in Chandigarh seeking high-quality, ethically sourced coffee with a focus on speed and technology-driven ordering. The primary differentiator is a proprietary mobile app enabling seamless pre-ordering for zero-wait pickup.

Initial launch is planned at Sector 17 Plaza — high foot traffic, proximity to corporate offices and Panjab University. The model emphasizes high-margin espresso drinks and strategic partnerships with local artisanal bakeries.

With an initial investment of ¹8.5 lakh and a projected break-even at Month 8, capture ¹1.8 Cr in Year 1 revenue by capitalizing on the city's underserved tech-enabled grab-and-go segment.

Research
